Etisalat Offers ODEL Visitors a Taste of Their Cutting Edge Technology.

New Etisalat 'Experience Center' at ODEL allows visitors to experience the wonders of their, industry leading, 3.75 G Mobile Internet network first hand. Etisalat will be displaying the array of their dongles, so customers can see which one best suits their life-style, along with the other functions available on their network such as such as Video Calls, Video Games, Music Videos, etc. Customers who walk in can take a moment to experience all these apps, devices and the high speed Internet facilities at the ODEL Experience Center.

Caption 1- Etisalat Experience Center is open to all, one need only walk in.

Caption 2- The Huawei Tablet PCs offered by Etisalat are widely known as the lowest cost tablets to have all major features.
